Canadian Bioinformatics Workshop Series

Registration Awards Available

Machine Learning

Dates

September 21 -22, 2020 - Live Online starting at 10:00 AM EDT

Faculty

David Wishart

Course Objectives

This workshop is intended to provide an introduction to machine learning and its application to bioinformatics. This workshop is not intended for machine learning experts. Instead, it targets biologists or other life scientists who want to understand what machine learning, what it can do and how it can be used for a variety of bioinformatic or medical informatics applications.
